CAUSES OF CANCEROUS CELL

In our last week's lesson, cancerous cell was defined as a cell that alters genetic system. Believers are known for life of holiness, Hebrews 12:14, 1 Peter 1:15, 16, in this outline we want to examine causes of cancerous cell;

Heretical teachings: teachings of one's own view, incompatible with the gospel of Christ. It is a teaching that departs from accepted beliefs or divine standard.

Social Media: Some information on social media unverified contents unverified, polluted and inimical to lives. It causes distraction, loss of productivity, promotes social isolation, exposure to ungodly contents, picking of polluted information.

Peer Pressure: This brings influence by others to act in a certain way and this come because of desire to be accepted by their peer.

Bad Mentorship: Poor communication and lack of experience from the side of mentor can be cancerous.

Unguarded Freedom especially from Parents: When freedom is not guarded, the person is vulnerable to attack, lacking protection. Many lives are wasted due to lack of protection from cancerous invasion. 1 Peter 5:8
